DOMIZIANI

IN THE HEART OF ITALY

NATURE BLENDS WITH ART.

NEL CUORE D'ITALIA, LA NATURA SI FONDE CON L'ARTE.

Da più di 30 anni Domiziani rivoluziona il modo di pensare la pietra. Le sue tecniche artigianali sono il frutto di un'attenta ricerca e profonda conoscenza della materia: coinvolgono la minuziosa manodopera artistica di chi sa vedere oltre, trasformando l'inaspettato in una formula di unicità. Le eclettiche e resistenti combinazioni in pietra lavica e vulcanica sono l'effetto di lavorazioni che cambiano forma alla materia attraverso l'idea, fissata e temperata in un forno che forgia la sua identità. Un sistema di reazioni che indaga le infinite possibilità di essere di un singolo materiale: è così che ogni pezzo Domiziani conserva l'anima della materia e la esprime in tutte le sue sfaccettature grazie a un fine lavoro di artigianato. Proprio nel cuore d'Italia, dove le ceramiche sono ancora una tradizione e una passione custodite nel DNA del territorio, Domiziani trova la sua identità fondendo natura e arte in prodotti riconosciuti e amati in tutto il mondo. Ogni progetto è irripetibile: porta in sé le differenze della natura, il tocco dell'uomo e la tempra del fuoco, in un ensemble di unicità che rende inimitabile ogni opera Domiziani.

For more than 30 years Domiziani has revolutionized the way of thinking about stone. Its craftsmanship is the result of thorough research and deep knowledge of the subject: it involves the meticulous artistic labor of those who are able to see beyond, transforming the unexpected into a formula of uniqueness. The strong and eclectic combinations of lava stone and volcanic stone are the effect of processes that give shape to the material through ideas, fixed and hardened in a kiln that forges its identity. A system of reactions that investigates the infinite possibilities inherent in a single material: this is how each Domiziani piece preserves the soul of matter and expresses it in all its facets through the work of fine craftsmanship. Right in the heart of Italy, where the tradition of ceramics is still strong, a passion preserved in the region's DNA, Domiziani finds its identity by blending nature and art in pieces that are renowned and loved all over the world. Each project is unrepeatable: it encapsulates the differences in nature, man's touch and the hardening of fire, in an ensemble of uniqueness that makes every Domiziani work inimitable.

LAVABI / WASHBASINS

Le organiche forme fluide ispirate dalla natura e le più alte tecniche decorative artigianali vengono forgiate nei celebri lavabi in ceramica Domiziani, che diventano inscalfibili protagonisti della zona bagno con modelli dal design senza tempo.

The organic, flowing shapes inspired by nature and the greatest handcraft decorative skills go into the making of the famous Domiziani ceramic washbasins, which represent the undisputed stars of the bathroom, with their timeless designs.

Tutti i nostri prodotti sono esclusivamente professionali e conformi alle normative vigenti. Le vernici utilizzate nei vari colori sono prodotte con pigmenti altamente resistenti alla luce ed antingiallenti. Le nostre finiture acriliche garantiscono un'alta resistenza nel tempo con caratteristiche di antigraffio, idrorepellenza e nel caso di effetti naturali un ottimo antingiallente.

All our products are exclusively professional and comply with current regulations. The various colors of paints used are produced with highly light resistant and anti-yellowing pigments. Our acrylic finishes ensure long-lasting wear with scratch-resistant and water-repellent properties and, in the case of natural effects, an excellent anti-yellowing agent.

L'azienda persegue una politica di continuo miglioramento del prodotto, perciò si riserva il diritto di variare qualunque informazione riportata senza preavviso.

In the interests of product improvement Domiziani reserves the right to change specifications without notice.
